**2017 WIN CONFERENCE**

**Wednesday, April 19, 2017**

12 – 9 pm  
Conference Registration Open  
**Location:** Mile High Ballroom Lobby

**Preconference Sessions**

1 – 5 pm  
Preconference: Promoting Digital Citizenship: A Toolkit  
**Presenters:** Jeanette McNeill, DrPH, RN, ANEF, Associate Professor; Kathleen Dunemann, PhD, APRN, CNM, Associate Professor; Katrina Einhellig, RN, PhD, CNE, Assistant Professor; and Lory Clukey, PhD, PsyD, RN, CNS, Associate Professor; University of Northern Colorado School of Nursing, Greeley, CO  
**Description:** The purpose of this preconference session is to facilitate the preparation of faculty to use best practices in digital citizenship in order to create an effective OLE. Through participation in this pre-conference, the learner will have the opportunity to: 1. Examine issues related to digital citizenship in the online educational environment in nursing; 2. Discuss the research basis for best practices in planning, implementing and evaluating online course delivery; 3. Plan components of faculty and student preparation for effective online learning; 4. Apply principles of best practice to case scenarios. Each participant will draft a faculty toolkit and student orientation for online courses in his/her setting.

Preconference: The State of Healthcare: Palliative Care in the 2nd Curve Paradigm  
**Presenters:** Paula Nelson-Marten, PhD, APN, AOCN, Associate Professor; Sean Reed, PhD, APN, ACHPN, Assistant Professor, Adjunct; John Welton, PhD, RN, FAAN, Professor; College of Nursing, University of Colorado, Anschutz Medical Center  
**Description:** The purpose of this preconference is to inform participants regarding 1st and 2nd curve health care economics and the implications for palliative and supportive care services. As the fee-for-service payment structure transitions into value-based reimbursement, new models of care emerge to meet the needs of populations contending with advanced illness. We will explore alternative forms in delivery of palliative and supportive care for the acute, post-acute, and ambulatory settings. Participants will engage in interactive sessions of strategy, innovation, and implications for nursing practice. After attending the workshop, participants will be able to: 1. Describe the paradigm shift from 1st to 2nd curve in healthcare; 2. Summarize the initiatives in palliative care that impact triple-aim goals in health care; 3. Analyze the inherent implications for nursing practice, education, and research.

**THE FOLLOWING WORKSHOPS ARE FREE TO ALL CONFERENCE PARTICIPANTS.**

5:15 – 5:45 pm  
Moderating Podium Presentations at a Professional Conference: Nuts and Bolts  
**Presenters:** Judith A. Berg, PhD, RN, WHNP-BC, FAAN, FAANP, Clinical Professor, College of Nursing, University of Arizona, Tucson, AZ; Donna Velasquez, PhD, RN, FNP-BC, FAANP, Clinical Associate Professor, Program Director, Doctor of Nursing Practice, Arizona State University, College of Nursing and Health Innovation, Phoenix, AZ  
**Description:** Being an effective moderator at a professional conference is crucial to the success of podium presentation sessions and to the overall conference. This session is offered to all WIN members who are interested in moderating at WIN conferences, and it is also appropriate for experienced moderators. The principles of being a good moderator will be covered, as will expectations of moderators, the dos and don’ts of...
moderating, and how to overcome difficulties during a session. Role play will help session attendees deal with some of the difficulties that may be encountered and develop effective problem-solving strategies. This session is offered free to conference attendees.

6 – 7 pm
**Tricks and Trades of Writing an Abstract and Delivering a 10-Minute Presentation**
**Presenters:** Katreena Merrill, RN, PhD, Assistant Professor, College of Nursing, Brigham Young University, Provo, UT; Annette Nasr, PhD, RN, Nurse Scientist, Lucile Packard Children’s Hospital Stanford, Palo Alto, CA
**Description:** Join us for tips on writing a compelling abstract and for delivering an effective presentation in just 10 minutes.

7 – 8:30 pm
**Welcome Reception**
All conference participants are invited to attend this informal reception.

---

**Thursday, April 20, 2017**

7 am – 5:30 pm
**Conference Registration Open**
**Location:** Mile High Ballroom Lobby

7 – 8 am
**New Attendees Continental Breakfast**
**Description:** Participants attending the conference for the first time are invited to this informal light continental breakfast. Members of the WIN Board and Program Committee will be available to meet informally, answer questions, and provide information on how to best navigate the conference.

**Old Friends Continental Breakfast**
**Description:** Participants who have attended past conferences are invited to reconnect with friends and network during this informal light continental breakfast.

Clinical Inquiry Initiative: Moving Research to Practice – What Do You Take Home from This Conference?
**Moderator:** Marie J. Driever, RN, PhD, FAAN, Clinical Research and Education Consultant, Seattle, WA
**Description:** The Clinical Inquiry Initiative (CII) provides a guided experience throughout the WIN Conference for those in clinical practice, e.g., staff nurses, CNLs, advance practice nurses (CNSs and NP/Nurse Midwives/Nurse Anesthetists), clinical educators and other clinical leadership roles. Qualifications for participating in the CII require employment as a clinician at a clinical organization that holds WIN agency membership. The CII involves activities to increase participants’ understanding of how to use data and findings to strengthen practice and promote organizational goals through: an overview of the structure of the conference; use of preconference materials to assist in reviewing the conference program and determining how sessions can answer current practice issues or questions; a short briefing/debriefing session each day; a planned connection of practice attendees to each other for supportive networking post conference; and a discussion of how conference learning may be introduced in their facilities. Please bring your questions and issues in using research in your practice and help us have a meaningful discussion of moving research to practice and what you can take home from this conference.

8:30 – 10 am
**Opening Session**
**Location:** Mile High Ballroom 2-3
Presiding: Charlene “Charlie” Winters, PhD, APRN, ACNS-BC, WIN President, Missoula, MT

Keynote Presentation
Leadership: Lessons from the White House
Speaker: Doris Kearns Goodwin, PhD, Pulitzer Prize-Winning Author and Presidential Historian

Location: Mile High Ballroom Lobby

Communicating the Impact of Nursing Science: Get on Board the Technology Train
Speakers: Jenny Carrick, Senior Director for Communications and Marketing, Betty Irene Moore School of Nursing at UC Davis; Laura Perry, Director of Communications, UCLA School of Nursing
Description: When WIN launched 50 years ago, opportunities to share research and collaborate were limited mostly to print publications. Today, nurse researchers have a nearly endless list of digital and print media with which to share their findings. But with the constant evolution of technology, social media, smart phones and more, how do you decide which option or application is best for your research? In this session, two School of Nursing communications leaders provide information on why you need to get on board the technology train, along with a few tips and tools to simplify your message and make your audiences want more. Tips on using the conference app will also be covered in this session.

Avoiding Manuscript Rejection
Speaker: Patricia Gonce Morton, PhD, RN, ACNP-BC, FAAN, Dean and Professor, College of Nursing, University of Utah, Salt Lake City, UT
Description: This session, conducted by an experienced journal editor, Patricia Gonce Morton, will help you avoid common mistakes in preparing a manuscript for publication. Issues such as picking a focused topic, selecting the appropriate journal and audience, writing a succinct review of the literature, organizing your ideas, and other helpful tips will be covered. This session is intended to be Part I of a two-part workshop series. The second session is titled, “Developing Your Idea for Publication,” and will be offered from 5:10 - 6:10 PM on Friday during Concurrent Session V. Registrants can attend one or both sessions.

**Speaker:** Susan Bakewell-Sachs, PhD, PNP-BC, FAAN, Dean and Vice-President for Nursing Affairs, School of Nursing, Oregon Health & Science University, Portland, OR

2:45 – 3:45 pm
Refreshment Break and Networking

Exhibits and Poster Viewing

**Location:** Mile High Ballroom 1

Speed Networking for Clinicians and Researchers

**Description:** Are you a clinician with a clinical question that needs an evidence-based research answer(s) in order to improve your patient care? Are you a researcher with methodological skills in need of clinical expertise and access to a patient population? WIN will be offering a unique session where researchers and clinicians will have the opportunity to meet together and explore common interests. Like “speed dating,” this session will allow you to explore similar interests that might lead to a collaborative research study. Bring business cards to exchange!

Tools, Tips, Tweets and Other Topics for Communicating Your Science

**Description:** Have a burning question regarding getting your message across? Concerned about being interviewed by the media? Receive some one-on-one guidance on successfully explaining your research in lay terms, engaging with other similar researchers, recruiting subjects for research, speaking with trade publications or how to set up and use social media tools such as Twitter, Instagram or Pinterest. Whether you are just starting your research or seek to refine your messaging and communication outreach, these one-on-one sessions will give you the individual attention you need to take your communications to the next level.

3:45 – 5:15 pm
Concurrent Session II

Annual Breakfast on the Use of Qualitative Methods in Health-Related Research
**Moderator:** Jennifer B. Averill, PhD, RN, Associate Professor of Nursing, University of New Mexico College of Nursing, Albuquerque, NM
**Description:** This breakfast session continues the annual practice of joining seasoned qualitative researchers with novice qualitative scholars (e.g., graduate students, new faculty members, interested others from organizations). The breakfast will apply a question/answer seminar on any aspect of qualitative methods.
Additionally, there will be opportunities to network and speak with others who share an interest in rigorous, effectively implemented qualitative methods.

Environmental Health and Nursing Group
**Moderators:** Elizabeth Schenk, PhD, MHI, RN-BC, Nurse Scientist, Providence St. Patrick Hospital, Missoula, MT; Charlene "Charlie" Winters, PhD, RN, Professor, Montana State University, College of Nursing, Missoula, MT

**Description:** This is a forum for environmental health researchers, educators, and advocates, and anyone interested in the relationships between the natural environment and health, and between nursing practice and the environment. This is a chance to learn of the interests of others and explore opportunities for collaboration. All conference attendees are welcome to attend the forum.

Integrative Health Connection at WIN
**Moderator:** Mary S. Koithan, PhD, RN, CNS-BC, FAAN, Associate Dean, Student Support and Community Engagement and Anne Furrow Professor, College of Nursing, The University of Arizona, Tucson, AZ

**Description:** Integrative Health (IH) is a whole person/whole system approach to health care that uses a full spectrum of strategies to improve health and wellbeing. In an integrative health approach to care, providers choose across a variety of evidence-informed choices that includes complementary/alternative modalities (CAM) as well as more traditional biomedical interventions. With the goal of choosing the best approach to care, IH is the ultimate interprofessional approach to care, drawing from a variety of practitioners, modalities and systems of medicine. WIN members with interest in research and education that has an IH focus are invited to creatively discuss how to support an integrative health presence at future research conferences through posters, presentations and symposiums.

Western Consortium on Women’s Health
**Moderators:** Nancy Fugate Woods, PhD, RN, FAAN, Professor, School of Nursing, University of Washington, Seattle, WA and Judith A. Berg, PhD, RN, WHNP-BC, FAAN, FAANP, Clinical Professor, College of Nursing, The University of Arizona, Tucson, AZ

**Description:** The purpose of this session is to continue a dialog that explores extending opportunities for women’s health research across the WIN region, creating opportunities for training the next generation of women’s health researchers, supporting efforts to include diverse populations of women from the region in studies, and creating networks enabling rapid response to emergent funding opportunities. The session will provide mutual support among investigators across the region, linking academic researchers to community partners for mutual benefit.

WIN Gerontontology Special Interest Group
**Moderator:** Tara Sharpp, RN, PhD, Assistant Professor, CSU Sacramento School of Nursing, Sacramento, CA

**Description:** This interest group is building a cadre of gerontological nurses to advance the mission of WIN in the context of improving care of the older adult. Participants will learn about resources for gerontological nursing practice, education, policy, and research, such as the National Hartford Center of Gerontological Nursing Excellence. Small group sessions will allow participants to network and discuss future collaborations in their interest areas.
