2020 WIN Conference
“20/20 and Beyond: Envisioning the Future of Nursing Research, Practice, and Education”
Conference Program as of January 29, 2020

*Up to two authors per abstract are listed in the conference program. All authors will be listed in the conference proceedings.

WEDNESDAY, APRIL 15, 2020

1-9 pm
Conference Registration Open

2-5 pm
Preconference: Building Infrastructure in a Medical Center or Health System for the Translation of Research to Practice

Speakers: Ivette Becerra-Ortiz, DNP, MPH, NEA-BC, PNP-BC, NP, RN, Lucile Packard Children’s Hospital; Monique Bouvier, PhD, RN, PNP-BC, Stanford Health Care; Mary Ellen Dellefield, PhD, RN, VA San Diego Healthcare System; Perry M. Gee, PhD, RN, Intermountain Healthcare; Hannah Jang, PhD, RN, CNL, PHN, UCSF Health; Lesly Kelly, PhD, RN, FAAN, Dignity Health and Arizona State University; Lori Kennedy Madden, PhD, RN, ACNP-BC, CCRN, CNRN, UC Davis Health; Annette Nasr, PhD, RN, Stanford Children’s Hospital and Stanford University

Description: The purpose of this session is to engage nurse scientists, implementation scientists, researchers, and clinicians who engage in evidence-based practice (EBP), research, and quality improvement (QI) projects in advancing nursing science. Speakers, panels, interactive dialogue, and exercises will be used to discuss collaboration between nurses and other health care providers in order to provide support and advance EBP, research, and QI in a variety of clinical settings. A panel composed of 3-4 nurse scientists, researchers, and implementation scientists all representing nursing roles in unique organizations will share exemplars of clinical practice projects and offer strategies to overcome barriers to support facilitators of EBP, research, QI.

Preconference: Implementing Concept Based Learning Activities (CBLAs) in Clinical Teaching

Speakers: Kristy Lanciotti, Annette Garner, Linda Brown, Ann Nielsen, OHSU School of Nursing

Description: This workshop will begin with a brief overview of the use of Concept-Based Learning Activities (CBLAs) in nursing education, including key elements of a CBLA, and possible applications to clinical learning in different settings. Implementation will then be discussed, including options for faculty involvement and facilitation at various stages of the CBLA. Participants will have the opportunity to outline a CBLA for a concept that is crucial to their own course(s), as well as create an implementation plan for this learning activity. Participants will leave the workshop with an enhanced understanding of the use of CBLAs in nursing education, and the tools they need to incorporate this teaching methodology into their own practice.

THE FOLLOWING WORKSHOPS ARE FREE TO ALL CONFERENCE PARTICIPANTS.

5:30-6:30 pm
Tricks and Trades of Writing an Abstract and Delivering a 10-Minutes Presentation

Presenters: Katreena Merrill, PhD, RN, Associate Professor, College of Nursing, Brigham Young University and Annette Nasr, PhD, RN, Director of Research and Evidence-Based Practice and Associate Clinical Professor, Stanford Children’s Hospital and Stanford University

Description: Join us for tips on writing a compelling abstract and for delivering an effective presentation in just 10 minutes.
6:30-7 pm
Moderating Podium Presentations at a Professional Conference: Nuts and Bolts

**Presenters:** Linda Edelman, PhD, MPhil, RN, Associate Professor, College of Nursing, University of Utah and Bronwyn Fields, PhD, MPH, RN, Assistant Professor, School of Nursing, California State University, Sacramento

**Description:** Being an effective moderator at a professional conference is crucial to the success of podium presentation sessions and to the overall conference. This session is offered to all WIN members who are interested in moderating at WIN conferences, and it is also appropriate for experienced moderators. The principles of being a good moderator will be covered, as will expectations of moderators, the dos and don’ts of moderating, and how to overcome difficulties during a session. Role play will help session attendees deal with some of the difficulties that may be encountered and develop effective problem-solving strategies.

7-8:30 pm
Welcome Reception
All conference participants are invited to attend this informal reception.

**THURSDAY, APRIL 16, 2020**

7 am-5:30 pm
Conference Registration Open

7-8 am
New Attendees Continental Breakfast

**Description:** Participants attending the conference for the first time are invited to this informal, light continental breakfast. Members of the WIN Board and Program Committee will be available to meet informally, answer questions, and provide information on how to best navigate the conference.

Old Friends Continental Breakfast

**Description:** Participants who have attended past conferences are invited to reconnect with friends and network during this informal, light continental breakfast.

Clinical Practice Networking Breakfast

**Description:** All attendees from clinical settings are encouraged to attend this continental breakfast. Content will include networking and planning about ways clinical agencies and the Western Institute of Nursing can be co-supportive in goals for patient care. Staff nurses, clinical nurse leaders, advance practice nurses, nurse scientists, clinical educators, and any other clinicians are invited to enjoy this informal discussion about how we translate research to the bedside.

8:30-10 am
Opening Session

**Presiding:** Donna Velasquez, PhD, RN, FNP-BC, FAANP, President, Western Institute of Nursing, Phoenix, AZ

Keynote Address: Joy at Work: Evidence and Evolving Expectations

Special Interest Group Lunches

Conducting Research with Latino/a/x Individuals, Families, and Communities
Moderator: Janice D. Crist, RN, PhD, FNGNA, FAAN, Associate Professor, University of Arizona, Tucson, AZ
Description: Our WIN “Conducting Research with Latino/a/x Individuals, Families, and Communities” Special Interest Group members are interdisciplinary scientists conducting research with Latino/a/x individuals, families, and communities. Members collaborate on various aspects of Latino/a/x health and inequalities that exist and strategize, through both theory, research, advanced practice, and policy, potential ways to improve health for Latinos across the lifespan.

DNP/PHD Collaboration and Clinical Networking Special Interest Group
Moderator: Mary Ellen Dellefield, PhD, RN, FAAN, Research Nurse Scientist, VA San Diego Healthcare System
Description: The purpose of this interest group is to foster networking and collaboration among members with DNP and PhD degrees. Interest group members will have the opportunity to collaborate on abstract submissions, develop and implement projects, and provide collegial support to one another.

Integrative Health Connection at WIN
Moderator: Mary S. Koithan, PhD, RN, CNS-BC, FAAN, Associate Dean, Professional/Community Engagement and Anne Furrow Professor, College of Nursing, University of Arizona, Tucson, AZ
Description: Integrative Health (IH) is a whole person/whole system approach to care that uses a full spectrum of strategies to improve health and wellbeing. In an integrative health approach to care, providers choose across a variety of evidence-informed choices that includes complementary/alternative modalities (CAM) as well as more traditional biomedical interventions. With the goal of choosing the best approach to care, IH is the ultimate interprofessional approach to care, drawing from a variety of practitioners, modalities and systems of medicine. WIN members with interest in research and education that has an IH focus are invited to creatively discuss how to support an integrative health presence at future research conferences through posters, presentations and symposiums. Our discussion in 2020 will be to identify research initiatives and potential partnerships across institutions.

Qualitative Research Special Interest Group:
Moderator: Phyllis Eide, PhD, MPH, Associate Professor, College of Nursing, Washington State University, Spokane, WA
Description: Qualitative research seeks to gain a deep understanding of how individuals and groups experience social phenomena within their natural setting, and reveals how meaning is assigned to every day experiences with subsequent impact to health behaviors. This WIN forum provides space to bring together qualitative nursing scholars, students and others who are interested in this approach to knowledge discovery. It will provide opportunities to network, dialog about possible collaborations, discuss best practices to teach qualitative research approaches to graduate students, and explore potential new areas of inquiry. This special interest group thus contributes to the mission of WIN to provide visionary leadership in nursing research, practice and education.

Western Consortium on Women’s Health
Moderators: Judith A. Berg, PhD, RN, WHNP-BC, FAAN, FAANP, Clinical Professor, College of Nursing, University of Arizona, Tucson, AZ and Nancy Fugate Woods, PhD, RN, FAAN, Dean and Professor Emerita, School of Nursing, University of Washington, Seattle, WA
**Description:** The purpose of this session is to continue a dialog that explores extending opportunities for women’s health research across the WIN region, creating opportunities for training the next generation of women’s health researchers, supporting efforts to include diverse populations of women from the region in studies, and creating networks enabling rapid response to emergent funding opportunities. The session will provide mutual support among investigators across the region, linking academic researchers to community partners for mutual benefit.

**WIN Environment Special Interest Group (WINE)**
**Moderators:** Elizabeth Schenk, PhD, MHI, RN-BC, FAAN, Nurse Scientist, Providence St. Joseph Health, Renton, WA; Charlene “Charlie” Winters, PhD, RN, Professor (retired), Montana State University, College of Nursing, Missoula, MT

**Description:** This is a forum for environmental health researchers, educators, and advocates, and anyone interested in the relationships between the natural environment and health, and between nursing practice and the environment. This is a chance to learn of the interests of others and explore opportunities for collaboration. All conference attendees are welcome to attend the forum.

**WIN Gerontology Special Interest Group**
**Moderator:** Robin L. Whitney, PhD, RN, Assistant Professor, The Valley Foundation School of Nursing, San Jose State University, San Jose, CA

**Description:** This interest group is building a cadre of gerontological nurses to advance the mission of WIN in the context of improving care of the older adult. WIN GeroSIG abstracts will be awarded for excellence in gerontological research, theory development/conceptual, and methodological papers. Small group sessions provide opportunity for participants to network and discuss future collaborations.
